Drop Stop, an interlocking patented (CCM) Condensation Control Membrane is pre-applied to the panels on manufacturing facility and allows the typical 1/8" panel the capability to equalize below the moisture level to the air inside of the wall assembly.

Integral fit with Drop Stop technology creates a climate for protecting your assets through condensation control while maintaining the aesthetics and structural elements that HCL roof and wall systems provide.

### PRODUCT FEATURES

Panel Type - Exposed Fastener Metal Panel  
Panel Width Coverage - 30'  
Rib Height - 30"  
Gauges - 29 and 26 gauge  
Paint Finish Type - Siliconized Polyester  
Available with Drop Stop condensation control application

Testing Information  
UL Construction No. 4560
